

PROFILE

Industrial Engineer and Master's student in Statistical Data Science with hands-on experience in **operations, production, and quality management**. Proven ability to **lead teams, streamline processes, and ensure product standards and compliance** in fast-paced manufacturing and supply chain environments. Skilled in applying data-driven methods to **optimize production workflows, reduce inefficiencies, and monitor KPIs** using Excel, SQL, Python, R, Excel, and Power BI. Successfully led **digital transformation initiatives**, improving reporting accuracy and decision-making speed. Currently pursuing a Master's degree at San Francisco State University (GPA 4.0) and eager to apply a blend of **engineering and analytical expertise** to solve real-world problems.

WORK EXPERIENCE

OPERATIONS INTELLIGENCE ANALYST (2 years)

AGRONEGOCIOS LA GRAMA S.A.

January 2026 – Present

June 2023 – March 2025

- **Led cross-functional process improvements**, spearheading a digitization initiative that reduced manual data entry by 6,500 hours.
- **Streamlined production reporting and compliance** by designing API-based data workflows, ensuring timely, error-free information flow across operations.
- **Improved quality and efficiency in field operations** by developing Power BI dashboards to monitor raw material costs, yield, and harvest compliance, enabling real-time corrective actions.
- **Ensured audit readiness and quality standards**, achieving zero non-conformities related to reporting accuracy.

TEACHING ASSISTANT – LINEAR MODELS (4 months)

SAN FRANCISCO STATE UNIVERSITY, Department of Mathematics

January 2026 – Present

- Responsible for grading assignments in the Linear Models course.
- Provide detailed feedback and explanations to help students understand and correct mistakes in statistical design concepts.

TEACHING ASSISTANT – DESIGN AND ANALYSIS OF EXPERIMENTS (4 months)

SAN FRANCISCO STATE UNIVERSITY, Department of Mathematics

August 2025 – December 2025

- Responsible for grading assignments in the Design and Analysis of Experiments course.
- Provide detailed feedback and explanations to help students understand and correct mistakes in statistical design concepts.

QUALITY ASSURANCE SUPERVISOR (8 months)

CHIMU AGROPECUARIA S.A.

November 2021 – July 2022

- **Supervised a team of 12 quality inspectors** in poultry processing operations, ensuring adherence to customer and regulatory standards for major clients such as KFC.
- **Designed and implemented quality control indicators** to monitor production processes, using Excel and Power BI to drive corrective actions and maintain high product standards.
- **Developed and executed an integrated pest management program.**

QUALITY MANAGEMENT ANALYST (1 year 3 months)

CHIMU AGROPECUARIA S.A.

July 2020 – October 2021

- **Oversaw the ISO 9001:2015 certification process** for chicken breeding farms, ensuring compliance and successfully passing the second follow-up audit with Bureau Veritas.

- **Managed external customer audits**, consistently achieving top evaluations such as *Level 1 ratings* in KFC audits.
- **Strengthened quality management systems** by supporting the development of documentation, procedures, and compliance programs in line with industry standards.

PRODUCTION SUPERVISOR (6 months)

CHIMU AGROPECUARIA S.A.

December 2019 – June 2020

- **Supervised 60 workers** across multiple processing areas, fostering collaboration and ensuring compliance with operational and safety standards.
- **Optimized production planning** by building a demand forecasting model in Excel, reducing inventory variability and aligning output with customer requirements. **Enhanced efficiency and cost control** by developing a real-time productivity and cost monitoring dashboard, enabling faster decision-making.
- **Coordinated product dispatches** in line with transportation schedules, improving delivery accuracy and timeliness through optimized tracking tools.

OPERATIONS SUPERVISOR (3 years 6 months)

FORMAVENA – ABInbev: *May 2018 – November 2019*

FORMAVENA – Lindley Corporation (Coca Cola): *March 2016 – April 2018*

- **Supervised 50 employees** across packaging, materials, and finished goods warehouses, ensuring productivity, safety, and team cohesion.
- **Implemented process improvements** that reduced labor costs by 20%, increasing efficiency and driving measurable cost savings.
- **Designed and maintained KPI tracking tools** in Excel and Power BI, improving reporting accuracy and supporting continuous improvement initiatives.

LEADERSHIP AND VOLUNTEER EXPERIENCE

GENERAL OFFICER

Data Science Society – SAN FRANCISCO STATE UNIVERSITY

February 2025 – May 2025

- **Mentored student project teams**, guiding one to a first-place finish at the semester showcase through strong application of statistical methods, machine learning, and data storytelling.
- **Organized workshops, guest speaker events, and collaborative activities** to foster a culture of continuous learning and professional development in data science.

EDUCATION

- **M.S. in Statistical Data Science (GPA 4.0)**
San Francisco State University – Expected Graduation: May 2026
- **Bachelor in Industrial Engineering**
National University of Trujillo | 2010 – 2015

LANGUAGES

- **Spanish** Native
- **English** Advanced (C1)

TECHNICAL SKILLS

- **Data Analysis & Visualization:** Advanced proficiency in Microsoft Excel, SQL, Power BI, Python, R and Tableau.
- **Automation & Workflow Tools:** Power Automate, Power Apps.
- **Forecasting & Quality Management:** Demand Forecasting, Material Requirements Planning (MRP), SAP (PP & MM Modules), ISO 9001:2015, Audit Management, Continuous Improvement.
